

JP's Bacacita Farms

Guidelines

- ~ Speed limit is **10 mph** and slower when around the barns. Pedestrians & Horses have to right of way!
- ~ Absolutely, Positively, **NO SMOKING** anywhere at this facility
- ~ No Parking in front of the barn doors on the back side of both the North and South Barn, so others may drive through to unload
- ~ Do not leave manure in the wheelbarrows for others to dump. And when emptying a wheelbarrow dump as far back to the pile as possible
- ~ If horse is stalled then owner needs to furnish adequate shavings and clean stall daily!
- ~ If you bring your dogs out with you, keep them out of areas where others are riding and clean up after them
- ~ Watch water filling up troughs! Report any leaks to the office
- ~ Do not dump water in the south barn alley way
- ~ No riding in the barns! Dismount your horse before entering the barn.
- ~ Use "arena courtesy" when riding with others:
 - Let others know when your entering or exiting the arena
 - Do not lunge horses when there are several riders in the arena, if there are only a few riders ask if it's okay before you lunge
 - Warn others when you are approaching from behind
 - If the horse your working is a stud let others around you know
- ~ Do not feed any other horse than your own, unless you have made an agreement with the owner of that horse
- ~ Close gates behind you
- ~ Clean up after horses that have been standing tied in alleyway or to the arena.
- ~ If you hear that it will be freezing, fill up your horse's trough just incase the lines freeze and water is unavailable. Bacacita Farms will work to get the hoses unhooked and pipes covered, however if you see a hose still connected, please help out by disconnecting it for us

RESPECT OTHERS: CLEAN UP AFTER YOURSELVES AND YOUR HORSES!
THANK YOU!
